Vernon Bridge, PEI

*Best wishes to Class V from the Board of Directors, Alumni, Sponsors, Families and Friends  
of the New Brunswick Advanced Agricultural Leadership Program Inc.*

Through workshops, seminars and study tours this program prepares emerging leaders to confidently and courageously shape the future of the Atlantic and Canadian rural and agricultural sectors. We are a not-for-profit organization funded through tuition, fundraising events and corporate sponsorships. This year's class features graduates for the first time from Prince Edward Island.
